Parking Wall Guards Corner Guard Protectors

Rubber corner and wall guards are cost efficient damage prevention solutions that help protect the surrounding infrastructure and vehicles in parking facilities.

Features

Manufactured from high-impact virgin rubber, these corner and wall protectors are long lasting, durable, and cost-effective solutions. High intensity reflective tape increases visibility - especially at night, and provides the necessary guidance to drivers when parking in tight spots. Why not prevent damage to your parking facility before it occurs?

Rubber corner and wall guards not only help protect your parking structure, but also helps protect your customers' vehicles from potential dents and scratches. Ideal for surface and multi-level parking lots, interior factory / warehouse walls, and areas surrounding loading docks

Rubber Corner and Wall Guards are:

- Made from high-impact virgin rubber
- Long lasting and cost-efficient
- Ideal for: surface / multi-level parking lots, interior factory walls / warehouse walls, areas surrounding loading docks
- High intensity reflective tape increases visibility, especially at night
- Simple installation by 1 person
- Used for temporary and / or permanent installation
- Do not require heavy machinery
- Maintenance free
