

NEW!

The attractive panelling for your BLANCO serving trolleys: An instant transformation.

There is no need to hide the new panelling for BLANCO serving trolleys. It can be used anywhere a privacy shield is desired. In the guest area, clean dishes are protected while used dishes stay hidden.

The sturdy side walls can be hooked in and unhooked easily. This makes cleaning easier, and the trolley can still be used without panelling.

The three-sided panelling is available with or without hinged doors. The opened hinged doors can be locked within the bumper rail. This ensures continued safe manoeuvring and prevents damage.

In addition to stainless steel, thirteen panelling colours are available to provide a matching shade for any setting and make your serving trolley an attractive sight.

NEW: The opened doors can be securely locked and are well-protected by the bumper rail.

Ingeniously simple: the panelling can be mounted on existing BLANCO serving trolleys in no time. Simply clamp it behind the edge of the upper shelf and fix it securely to the lower shelf. And you're done!

The side walls

Simple to hook in and just as easy to remove.

NEW: The three-sided panelling with two easy-to-mount hinged doors.
