TRAY CLEARING TROLLEYS

New
generation

The clearers – clever assistants by BLANCO Professional.

NEW PUSH

Dish return without chaos
With tray clearing trolleys by BLANCO Professional.

Tray clearing trolleys quickly ensure order in self-service areas. In order to guarantee that dish return is executed safely even during the most chaotic rush hours, tray clearing trolleys by BLANCO Professional are made of high-quality stainless steel.

The welded frame construction guarantees maximum stability and durability with compact dimensions and top manoeuvrability. The standard wall guards protect units and furniture.

The **stainless-steel frame construction is securely welded** and therefore offers the highest levels of stability.

Stainless-steel tray supports with integrated push-through protection on both sides. The tray support frames can be completely removed.

Optional equipment for added comfort.

The panelling creates a sleek look. It can be removed to facilitate cleaning and increase usage flexibility. The best part is that it seamlessly integrates into the popular colour concept of the BASIC LINE food serving trolley panelling by BLANCO Professional for a perfect overall appearance.

Upon request, the trolleys can be delivered with an ergonomical push handle made of hygienic stainless steel or additional push-through protection.

Optional: An additional push-through protection at the back keeps trays securely in position.

Optional: Trolley top made of stainless steel with all-round railing for holding bottles and glasses. It is simply positioned on the frame construction and can therefore be easily removed without any tools for cleaning.

TRAY CLEARING TROLLEYS

THE PANELLING: BRINGS COLOUR TO EVERYDAY LIFE.

The panelling sets for the BLANCO tray clearing trolleys can be used anywhere a privacy shield is desired. The sturdy side walls can be hooked in and unhooked easily. This makes cleaning easier, and the trolley can still be used without panelling. In addition to stainless steel, 13 panelling colours offer a matching shade for any setting. And make every tray clearing trolley a real eye-catcher.

Perfect in function and easy on the eye: Tray clearing trolleys by BLANCO Professional.

The ingenious panelling

Simple to mount and just as simple to remove completely without tools.
