WMF DIVA

The elegant eye-catcher for every occasion.

The new DIVA beverage cooler from WMF graces your table with style and form. Whether an event, buffet or just adding some extra class to your table, the DIVA looks great and offers optimal space for drink bottles or carafes.

Alongside the stunning looks, the DIVA also has more to offer on the inside: it is made up of two combinable elements, one is a double-wall, stainless steel sleeve that can be used together with a synthetic cooling element that ensure this work of design truly delivers condensation-free, cool drinks.

Timeless elegance:

The rounded triangular shape, understated style and cutting-edge look of the DIVA are truly captivating. This beverage cooler is both practical and chic, lending a touch of elegance to any table or buffet.

Beverage cooler

Cromargan®, double wall, stackable, 27,5 x 26,2 x 17 cm
10 3/4 x 10 1/4 x 6 3/4 in.
55.0124.6040

With style and elegance:

For a truly stunning table decoration, several beverage coolers can even be fitted together to form a perfectly straight line or rounded circle.

Clean lines:

The synthetic cooling element, that is designed in a modern crushed ice look, is removable, can be cooled in the freezer compartment, and can also be used without the stainless steel cooler – a true all-rounder. After being pre-cooled in a freezer, the cooling element can chill the drinks inside the stainless-steel cooler for at least three hours with a room temperature of 20 °C. The stainless-steel element can also be used on its own and filled with items such as crushed ice. Your bottles of champagne and sparkling wine will never have looked more sophisticated!

Cooling element

plastic, with cooling core for freezing, stackable
25,3 x 24 x 13,3 cm / 10 x 9 1/2 x 5 3/4 in.
55.0125.9990

Perfectly shaped, down to the detail:

The dishwasher-safe cooler and its plastic elements have dropped edges, meaning that they can be stored stacked together, thereby taking up as little space as possible.

Decanter stainless steel BASIC
stainless steel 18/10, silicone, With Close Up lid and integrated strainer.
cap. 1,0 l, h 30 cm / cap. 35 oz., h 11 3/4 in.

replacement decanter 60.1770.9990

Meets (almost) any requirements:

The 17 cm DIVA cooler offers maximum flexibility of use: You can fill it with either several small bottles (up to 7 cm / 2 3/4 in.) or up to three large beverage bottles (up to 10 cm / 4 in.).

The DIVA is so adaptable that it can even hold up to three BASIC glass or stainless steel 18/10 decanters in style.

Perfect for meeting and conference rooms.

Ideal for the table:

The coolers double wall stainless-steel element prevents condensation from forming on the outside. This means that it can be placed directly on a table, which creates a cleaner look as well as being convenient.
